LOCAL NOTES

The Australia will leave tomorrow.

The W. G. Hall left this morning for Hawaii.

Chang Kim is foreman of the Chinese fire company.

The Kinau is off port as the Holoana goes to press.

The Catholics Benevolent Society met this morning.

The Board of Health held a special meeting this morning.

Weather permitting, the band will play at the Hotel tonight.

Have you seen the calendars from the Hawaiian News Co.?

The Japanese from the Bentala will be released from the quarantine station tomorrow.

The rumored "uprising" last night was another fake. Only the p. g. got scared.

Deputy-jailer Lawrence has resigned and W. Kamana appointed in his place.

New officers were installed for the George de Long Post, G. A. R. last evening.

The government is now ready to take its public work coat off and "begin." Pela paha.

Beretania street will be widened from Punchbowl to Miller street. Why not go further?

Pastor Schneider from Santa Rosa will preach in German next Sunday morning at 11 o'clock in the Y. M. C. A. hall.

Two native prison guards have got the G. B. on account of "saki," and two haoles have taken their place.

The cyclorama will go to Boston. Thurston failed to connect in London. The minister will soon be heard off from the hub.

The Honolulu Choral Society will hold its first rehearsal at the Y. M. C. A. hall on next Tuesday at 7:30 o'clock.

A new well is being bored at the corner of Beretania and Alapai street, for the government. McCandless Brothers are doing the job.

The British Commissioner has an interesting notice to English subjects in the Advertiser. As few of them read the government papers the notice will probably be unnoticed.

Mr. John Bush, formerly master at the Iolani College, has been appointed principal of the Kilauea government school on Kaula and left for his post yesterday. He will also act as postmaster.

Miller street may probably be extended to Palace Walk, Janius Kaa who claims the property between Beretania street and Palace Walk is kicking. A suit of ejectment may possibly follow the kick.

Tomorrow is the day to obtain a homestead on easy terms. The offers of Bruce Waring & Co., should be accepted by anybody who have saved a few dollars and desire to live in the Paradise. The auction takes place at 12 m. at Morgan's office.

Certain propositions have been made for the extension of the Y. M. C. A. building. A gymnasium with class-bathrooms etc. will probably be erected. As Architect Ripley is chairman of the building committee, and prayed fervently for the undertaking there can be no doubt of the success of the project.

The Honolulu Clock Depot, BROWN & KUBEY, No 4 Mas, onic Temple, Alakea Street, Clocks and Watches of all kinds kept in stock and sold for cash or weekly and monthly payments. P. O. Box 441.

Ed Hopkins the popular proprietor of the Arlington Billiard Parlors is now running this favorite resort on his own account. He has bought Arthur White out, and asks his many friends to continue their patronage of the past in the future. There are no better tables in Honolulu and no better in attendance than furnished by the genial proprietor and his assistants.

The Ilianiwai baths have got the best accommodations, the best water, the best tramcars and buses, and Bartlett is the best host. Call and see.

SEARCHES AND ARRESTS.

The "scare" last night caused the police to arrest four natives, and one foreigner, "Alabama" Mitchell. Today several searches were made and an old musket and a bayonet were found in native houses at Palama, resulting in further arrests. No charges have been entered against the "suspects"—for what they are suspected, nobody knows, and the probability is that they will be allowed to go without further molest, simply wondering why in the name of Smith, they ever were locked up. Van Gieson's and McEvoy's "big game" has not materialized yet.

C. E. HIRES, PHILADELPHIA

Morning, Noon, Night

Good all the time. It removes the languor of morning, sustains the energies at noon,
all the weariness of night—HIRES ROOTBEER—delicious, sparkling, appetizing. Good as
luxury, good as a tonic.

It is beyond all dispute a wonderful health-giving drink, and it is very easy for any one
to understand why this is so. The root, herbs, barks and berries, from which HIRES ROOT-
BEER is skillfully made, are the identical things from which physicians get their most help-
ful remedies. For instance, Do you believe that sarsaparilla is a valuable remedy? Well
HIRES ROOTBEER contains more sarsaparilla than many sarsaparillas. The same is true as
to other ingredients.

It is doing more to advance practical temperance than many people realize. It is used
and recommended by the most cautious and conservative temperance people. The most
scrupulous abstainer can enjoy HIRES ROOTBEER; himself, and recommend it to others as
an agreeable and healthful substitute for the strong drink which he opposes.

It is a home-made and homelike beverage. It is very easily prepared, and if the
plain directions are followed, it will always be good. Every member of the family, from the
baby to the grandfather, can enjoy HIRES ROOTBEER, and every one of them will have
better health for each swallow they take. It improves the appetite, purifies the blood,
and tones the whole system. Children especially delight in HIRES ROOTBEER. Its prepara-
tion interests them, and its use does them good. In thousands of homes, "HIRES ROOT-
BEER that mother made," will be among the happiest recollections of childhood.

BEWARE! Do not confound it with other Rootbeer preparations, as it is entirely un-
like anything else of the kind. Beware of extracts advertised for making Rootbeer, as they
are composed chiefly of coloring matter and oils to give them flavor, which excite the nerves
and cause nausea.

HIRES Improved Rootbeer packages makes really the most harmless of our fashionable
drinks, yet nourishing and strengthening the blood. It cleanses the system of the poisonous
humors that develop in kidney and urinary diseases, and in fact, in any case that arises from
an impure state of the blood.

HIRES Improved Rootbeer is offered to the public with full confidence of its merits. It
contains no poisonous or injurious properties whatever, and an infant may take it with per-
fect safety.
